

Job Description: Commercial Jet Charter Broker

Volanteus is a boutique aircraft charter company that operates within the Commercial Jet, Private Jet, and Cargo sector.

Established in 2016, the company has seen exceptional growth over past few years with us opening a second office in the UK and two offices in the USA, our UAE office is also in the pipeline and due to open later this year.

The company is now looking to capitalise on our growth, by strengthening its Commercial Jets division with experienced aviation personnel.

We are looking for a confident and proactive individual with a proven ability to generate sales, who is looking to further develop their career within an exciting and vibrant team, with an opportunity to grow and thrive within the air charter industry.

We are recruiting for an individual with experience as a commercial jet charter broker to join our team.

The Role Includes:

- Be able to manage charter enquiries through to the booking phase.
- Must have a proven track record for sales and ability to develop their own client portfolio.
- Managing supplier relations
- Managing the charter process from enquiry to post-flight
- Overseeing flight departures and flight riding (must be willing to travel)
- A flexible individual who is willing to work outside of the contracted hours
